

Enniskillen 3rd XV - 38

Cavan 2nd XV - 5

Enniskillen's Power NI sponsored 3rd battalion entertained their close neighbours from Co Cavan, seeking to rectify things after a controversial defeat earlier in the season.

'Skins started the game facing a strong wind, but Cavan to their despair realised that it was more of a Hurricane, Hurricane Duncan or Hurricane Johnston!

Cavan had the better of the early interchanges, but strong defence and super scrummaging from the front row of Adam Breen, Steven Frazer and Jonny Foster gave 'Skins a platform to build on, and on the half hour mark got their reward. Following super play from the all fifteen men, the returning Jamie Johnston crashed over to the left of the sticks. The conversion was missed but nevertheless 'Skins enjoyed a five point lead at the half.

The second period started with 'Skins sucking diesel and scoring an impressive five tries, with only one conceded, which will no doubt boost morale before a trip to Ophir in the Butler Shield next Saturday.

For the record the tries were scored by Ross Finlay, Ross Duncan, Jamie Johnston added a brace to his first half effort to complete an impressive hat-trick and Steven Frazer got his first try in a 'Skins jersey, whilst Keith Hurst converted four.

Cavan did score a try with the last play of the game, but it was a great performance from all seventeen players on a tiring, muddy pitch.
